

## U. S. VOTERS MAKE EARLY MARCH ON POLLS

### STRIKE URGED AT ALL PORTS IN NEW MOVE

Federal Hearing on Pacific Coast Differences Postponed Indefinitely When Union Representatives Bolt—Employers Seek Non-Union Crews.

San Francisco, Nov. 3. (P)—Leaders of the Pacific Coast's general maritime strike Tuesday called for a tie-up of all American ships as they sought to extend the blockade to Atlantic and Gulf ports.

The "new policy" instructions issued by the joint committee presenting seven dock and seagoing unions ordered crews of Pacific Coast ships to walk-off at "any United States port."

Crews of all other American ships were urged to "sit down" and draw the blockade tight around the entire United States.

A hearing here by the Federal Maritime Commission from which union representatives bolted Monday, was postponed indefinitely by Admiral Harry G. Hamlet.

Assistant Secretary of Labor Edward F. McGrady continued efforts to bring about resumption of settlement negotiations. The immediate critical issue was the employers' demand that "safety crews" remain on tied-up ships.

"We will have to take whatever steps are necessary," said Thomas G. Plant of the employers' committee, "to put men aboard for the safety of the vessels."

His statement was interpreted by observers as the first threat from employers to replace strikers with non-union crews.

The first official action against strikers came in Philadelphia where Mayor S. Davis Wilson declared the "sympathy" walkouts of seamen illegal and ordered the arrest of pickets. His police "strike squad" jailed seven men who refused to "move on."

Vessels in paralyzed Pacific Coast ports increased to 150 or more and Joseph Curran, head of the Seamen's Defense Committee at New York, claimed 133 ships were idle at Atlantic and Gulf ports.

David Grange, third vice president of the International Seamen's Union, threatened at New York to meet "force with force" if Curran's rank-and-file followers attempted intimidation of sailors deciding to remain at work.

Regular union officers also sought to check the spread of the rank-and-file sympathy actions of Philadelphia, where they were shouted down, and at Houston.

Maritime workers at Galveston, decided at a meeting to work for a general waterfront strike at Gulf ports.

Changes in Congress Due

REPUBLICANS HAVE HOPE TO TAKE CONTROL OF LOWER HOUSE

Washington, Nov. 3. (P)—National interest in Tuesday's election, apart from the presidency, centers around the determined Republican majority in the House of Representatives.

Although the voters also will fill 35 Senate seats and elect the Governors of 33 States, party control is only at stake in the House. Enough Democrats were swept into the Senate for six-year terms in the 1932 and 1934 Democratic landslides to assure the party more than 50 of the Senate's 96 seats, no matter what happens Tuesday.

Regardless of the outcome of the presidential balloting, the next Congress is destined to have its hands full as a result of impending expiration of a batch of New Deal laws, prospective enactment of new aids to agriculture, the possibility of revision of the tax structure, and other legislative proposals.

GUARDS CALLED OUT FOR NEW MEXICO ELECTION

Albuquerque, N. M., Nov. 3. (P)—National guardsmen and state police, ordered to polling places by Democratic Governor Clyde Tingley, added tenseness Tuesday to the usually torrid New Mexico election day atmosphere.

The Governor, seeking re-election, said the troops, mobilized in five cities, were being concentrated in Republican San Miguel County to "insure the voters an honest election."

George R. Graig, Republican State Chairman, charging it was a move to "intimidate" voters, said he was informed the guards men had been sent also to Socorro, Valencia and Sandoval counties.

With Cyrus McCormick, national committeeman, Graig dispatched a second telegram to Attorney General Homer S. Cummings in Washington, asking again that Deputy U. S. Marshals be placed at the polling places "to preserve peace and insure freedom of the franchise."

### Gains Freedom

### Fascists in Seven Miles of Madrid; Push Attack Plans

### REBELS READY FOR CAPTURE IN FOUR DAYS

Insurgent Guns Trained on Spanish Capital—Semi-Circle of Men and Steel Contracts About Besieged City—Militiamen in Retreat.

(By the Associated Press)

Fascists planted their guns Tuesday almost in the shadow of Madrid. Insurgents under General Jose Valera, sweeping toward the Capital from the south, entered the village of Uenlabada, seven miles from a Government military airport at Getafe, a Madrid suburb.

They also occupied the village of Pinto, about 10 miles south of Madrid at the opposite end of a contracting Fascist semi-circle of men, artillery, tanks and warplanes.

Preparations were speeded for an attack on Madrid which insurgent officers said they were confident could be taken in no more than four days.

Three Fascist flyers were killed near Talavera De La Reina when their tri-motored Martin bomber was shot down by Government warplanes. They bailed out from a low altitude but crashed to earth under half-opened parachutes.

Fascist officers, literally within sight of the towers in the center of Madrid, said the Government defense line was melting. They declared the Madrid militiamen were abandoning the fight and running back to Madrid.

Horse and Dogs Stand Guard Over Rancher's Body

Houston, Nov. 3. (P)—Snow, sleet and rain—or threats of them—faced the voting army in many parts of the country Tuesday.

Chill storms, moving a blanket of snow and sleet across Nebraska into Western Iowa Monday night, were due to hit Chicago during the voting, with "markedly colder" rain, according to snow in the cards for Indiana, Wisconsin, Michigan, Missouri and Eastern Minnesota.

Driven by stiff winds, the snow had already blocked some Utah and Dakota roads, and icy coatings spread over Minnesota Highways.

Zero weather was predicted in parts of the Dakotas and Nebraska.

The warm and sultry calm which greeted Broadway stay-up-lates early

Tuesday led to predictions of imminent rains, echoed in most of the eastern seaboard and the Ohio Valley. Late in the day, it was expected to turn cold in this area.

Most of Florida and Georgia looked for sunny skies, but scattered showers were due on the extreme south coast and western portion of Florida.

Fair weather, but cool, favored the Far West, too, and in the Rocky Mountains, where snow and colder weather prevailed Monday, voters looked for slowly rising temperatures.

### CHILL STORMS SWEEP OVER MIDWEST REGION

Washington, Nov. 3. (P)—Snow, sleet and rain—or threats of them—faced the voting army in many parts of the country Tuesday.

Chill storms, moving a blanket of snow and sleet across Nebraska into Western Iowa Monday night, were due to hit Chicago during the voting, with "markedly colder" rain, according to snow in the cards for Indiana, Wisconsin, Michigan, Missouri and Eastern Minnesota.

## NORTHER HITS IN WILBARGER

### TEMPERATURE ON ELECTION DAY DROPS SHARPLY OVER WIDE AREA

The coldest weather of the season accompanied a stiff norther to Vernon and this section Monday night. From a maximum temperature of 79 degrees Monday afternoon, the mercury dropped to about 30 degrees Tuesday morning. Lowest temperature Monday was 66.

Prior to Tuesday the lowest temperature recorded here this Fall was 32 degrees on Oct. 27. Last year the mercury dropped to 31 on Nov. 1 and around the same figure on Nov. 5.

### COLDEST WEATHER OF YEAR GREETES VOTERS OVER TEXAS

(By The Associated Press)

A stinging norther whistled through Texas today, forcing voters to brave the coldest weather of the year to participate in the general election.

Flurries of sleet and chilling rain fell over the northern part of the State and temperatures sagged far below freezing on the Northwest Texas Plains. It was down to 17 above zero at Amarillo—a 44-degree overnight fall.

The frigid blast from the snowbound Rockies was raging below San Antonio and was due to entirely engulf the State in a few more hours. It hit San Antonio just before dawn, the temperature abruptly dropping 22 degrees to a minimum of 48. Traces of rain dampened the San Antonio area.

At Wichita Falls the temperature tumbled 48 degrees to a low of 30.

## Annette Finds New Tricks for Summer Parasol

Copyright, 1936, NEA Service, Inc.

Fall days, bringing brisk, chill winds to northern Ontario, find the Dionne quintuplets attired for the weather and ready for their daily romps in the open air. But summer parasols, it appears, are decidedly out of season. Annette's has been caught by the wind, with results that amaze and amuse her.

This morning, accompanied by light sleet. There was a high northeast wind whipping through the city. Lubbock, with a low reading of 23, did not expect the cold to keep many voters from the polls.

The mercury was down to 37 at Dallas, 35 at San Angelo, 34 at Fort Worth, 38 at Corsicana, 37 at Paris, 33 at Sherman, 32 at Abilene, 43 at Longview and 44 at Texarkana.

Rain and sleet fell at Fort Worth as the temperature sagged to a new low level for the season. Overcast conditions, with light rain were reported all over North Texas and extending rapidly southward as the sudden "norther" carried swiftly by a 30-mile wind, tore into the Gulf Coast region.

It was sleeting in Denison, with the temperature close to freezing.

Arlene's freezing temperature was the lowest reading this season and sleet was falling there intermittently.

### CHARGES AIRED IN WEST AS VOTERS GO TO POLLS

Denver, Nov. 3. (AP)—Charges of "coercion and intimidation" of voters in Colorado and a request for United States Marshals to guard New Mexico polls heightened interest and feeling in Tuesday's election in the Rocky Mountain states.

Record vote totals were predicted in each of the four states—Colorado, Montana, Wyoming and New Mexico—which have an aggregate of 16 electoral votes.

The states will elect five Senators including one short term, eight congressmen, and three governors. Except for Senator Robert D. Carey of Wyoming, Republican candidate for re-election, all the incumbents are Democrats.

As the Nation has swung so have the Mountain States turned in every presidential election for the past 24 years. All four joined the Democratic sweep in 1932, after helping the Republicans retain national control in 1928, 1932, and 1936, and the Democrats in 1916 and 1912.

## Emilie Adopts Trick

## CCC Lists 20,700 Texas Recruits In Relief Program

Austin, Nov. 3. (AP)—Adam Johnson, Texas relief director, announces 20,700 Texans were enrolled in the Civilian Conservation Corps Nov. 1.

These enrollees will send approximately \$450,000 monthly to dependent families, he says.

Although the Texas Relief Commission began liquidating its general relief program early this year, the agency continued a skeleton staff to act as enrolling agency for the CCC.

Since the CCC program began in 1933 to the end of October this year, Texas selected approximately 80,000 young men for conservation work, Johnson says. In the first half of October, 6,600 new men were enrolled, including 1,000 assigned to the State as part of the national program to relieve distressed conditions in drought areas.

Because some States failed to meet their October quotas an additional 1,900 was assigned to Texas.

Only persons from relief families, or from families whose need has been established by investigation, are eligible for enrollment. One CCC requirement is that each enrollee whose basic pay is \$30 monthly send not more than \$25 or less than \$22 per month to dependents.

There are 77 CCC camps in Texas with accommodations for 12,000 men. The balance of Texas enrollees are in other States. Enrollees must remain in camp at least six months unless they obtain private employment, or can establish necessity of returning home, in which case they are discharged.

## GARNER VOTES BALLOT NO. 13

VICE PRESIDENT GETS TO  
POLL TOO EARLY AND  
MAKES SECOND TRIP

Uvalde, Nov. 3. (P)—Vice President John Nance Garner cast the thirteenth ballot in the general election here Tuesday. Informed of the number he grinned and said nothing.

Mrs. Garner's ballot was No. 14.

The Vice President and his wife voted in improvised booths on the south side of a two-story frame school while a cold wind whistled from the north. They marked their ballots in about three minutes while movie cameramen ground their machines and other cameras clicked.

Despite the short lapse of time, Mr. Garner manifested impatience.

"Hurry up," he told his wife.

"I need a little more time," Mrs. Garner objected.

"Oh, just put an 'X' after every Democrat," Mr. Garner said.

"I'll do my own voting," Mrs. Garner rejoined.

Electoral day did not change the famous Garner routine. The couple arose at 6 o'clock as usual, breakfasted and the Vice President read his newspaper.

There was a mixup over the time the polls opened and the Vice President and Mrs. Garner made a false start, understanding the voting would start about 7 a.m.

They left their big brick residence soon thereafter to walk three blocks to the schoolhouse, but, after journeying a block were informed 8 a.m. was the opening time and returned home.

They made a second start a few minutes before 8 o'clock.

A "blue norther" arrived during the early morning and Mr. Garner misjudged its severity. When he first left home he was overcast, but on the second trip was persuaded by Mrs. Garner to wear one.

"I would pick out my lightest suit to wear on a day like this," he laughed.

### KEYS QUADRUPLETS FAIL TO VOTE FOR PRESIDENT

Waco, Nov. 3. (P)—Roosevelt and Garner were short four votes Tuesday because the Keys quadruplets chose to attend Baylor University here instead of an Oklahoma school.

The four, Mary, Mona, Leota and Roberta, voted in the Democratic primary but had made no plans for the long trip to Hollis, Okla., their home, to cast general election ballots.

They said, after expressing regret at missing their first opportunity to vote: "We're sorry to let Mr. Roosevelt and Mr. Garner down, but we think they'll win anyway."

Oklahoma permits only persons in the naval or military service to vote outside the State.

FOR the fourth time, the famous cathedral at Rheims, France, has been rebuilt. It was once the most magnificent church in Europe. On its ground St. Remi crowned King Clovis, in 496 A.D., and there in the ninth century the first Rheims cathedral was built. Here, for centuries, all the French kings were crowned.

After being burned down, it was rebuilt in the 11th century. The cathedral burned again in 1211, was rebuilt, and again destroyed by fire in 1481. During this interval the church contained more than 2300 statues and statuettes, and became known as the "Bible in stone."

Then, during the World War, the Germans rained 30,000 shells upon the edifice, and it became a tragic ruin. Now, through aid from America and other countries,

the great cathedral has been rebuilt, matching as closely as possible its former self.

France, in 1930, issued a stamp showing the finished house of worship.

## POLLS BUSY IN NEW YORK

COMMISSIONERS PREDICT RECORD VOTE AFTER EARLY SURVEY

New York, Nov. 3. (P)—The heaviest voting in New York City's history was reported by some election commissioners making the rounds of polling places Tuesday.

In some districts of Manhattan an estimated 20 per cent of the registered vote had been cast at 11 a. m., five hours after the polls opened.

Long lines of men and women waiting their turns at the voting machines edged through the polling places.

All indications pointed to the heaviest vote in the city's history under its greatest registration—2,590,125, or 560,819 more than the 1932 registration. The total vote four years ago aggregated 2,161,707.

VIOLENCE FEARED AS CREWS SOUGHT FOR SAFETY WORK

San Francisco, Nov. 3. (P)—Water-front employers indicated here they would place skeleton crews aboard ships to safeguard them during the maritime strike, while at New York the leaders of two rival sailors' unions forecast the arming of men and violence.

Observers here agreed that if non-union crews were placed on ships violence would follow, and Assistant Secretary of Labor Edward F. McGrady was attempting to persuade the Maritime groups to man the tied up vessels.

Leaders of the Pacific Coast strike sought to extend the blockade to Atlantic and Gulf through "new policy" instructions to maritime groups.

Race Program Planned.

New Braunfels, Nov. 3. (P)—The management of the Comal County fair ground here announces lease of the tract to Jack Stutts of San Antonio with the object of holding two race meets yearly for four years. The first meet is scheduled for Nov. 26-Dec. 11, four days after the Seagull meet ends.

### W. M. S. All-Day Meeting Monday Attended by 50

Approximately 50 women were present at an all-day first Monday meeting of the First Methodist W. M. S. at the church. Mrs. F. A. Caperton had charge of the business session to which the morning session was devoted.

She appointed a committee to make arrangements for the society's Christmas circle, naming Mesdames J. L. Eggleston, W. B. Abbott, Dee Norwood, R. L. Coffee, J. D. Bright, and T. Edgar Johnson. Mrs. A. L. Borchardt, chairman of literature and supplies, announced that three boxes had been shipped to State mission centers. Circle reports were made of progress throughout the year, and Mrs. E. P. Williams conducted the morning devotional from Lamentations 3:22-23.

**Officers Elected.**

The annual election of officers was held, although the nominating committee did not report its recommendation for president. Those elected were Mrs. W. P. Thomas, vice president; Mrs. A. R. Knight, corresponding secretary; Mrs. Homer Rogers, recording secretary; Miss Mariana Covert, treasurer; Mrs. W. H. Grammer, spiritual life group chairman; Mrs. E. M. Croskey, literature and supplies; Mrs. L. D. Terrell, publicity; Mrs. Oran R. Key, children's work; Mrs. A. J. Carpenter, local work; Mrs. M. G. Poteet, study; Mrs. F. A. Caperton, social service; Mrs. D. M. Farabee, kitchen custodian; and Miss Robbie Castlebury and Mesdames R. W. Abbott, J. R. Huie, J. W. Lawton, O. R. Key, W. M. Adamson, and circle leaders.

Circles 3 and 4 had charge of the noon luncheon, which was followed with an observance of week of prayer in the afternoon. The first hour of the afternoon program was begun with organ hymns by Mrs. Robert Cole and meditation by the group. Mrs. Walter Hoffmann was leader of the initial period on "The Quest of God Through Worship," by silence, by intercession, and by working with Him. Program assistants for that period were Mesdames Roy Ricks, O. R. Key, W. E. Colley, E. L. Witty, E. P. Williams, W. M. Hazard, R. M. Hampton, and L. D. Terrell.

Rural Work Discussed.

"Workers With God" was the subject for the second period with the leader, Mrs. Fred Burkett, and three assistants, Mesdames J. H. Hamblen, A. L. Borchardt, and W. B. Abbott. The home missions subject concerned the extension of rural work, and the following topics were given: "Indians in Louisiana," Mrs. T. R. Pennington; "Cajuns in Alabama," Mrs. J. L. Eggleston; "Negroes in Augusta, Georgia," Mrs. D. Henry; "Mexicans in Texas," Mrs. L. E. McCurdy; "Negro Teachers' Work," Mrs. J. M. Napier; "Coal Miners in Kentucky," Mrs. W. P. Thomas; and "Scarritt College at Nashville, Tenn.," Miss Robbie Castlebury.

**Musical Numbers Given.**

Mrs. A. J. Carpenter was leader of the portion of the program devoted to the foreign department. The hour was begun with music, Mrs. John Brown playing the violin, with Mrs. W. P. Thomas as accompanist. "Hearing God's Voice," was the program topic and Mrs. Carpenter was assisted by Mesdames W. R. Murrell and W. F. Martin. A vocal duet was given by Mrs. Earl Adamson and Mrs. P. W. Hendrix, accompanied by Mrs. Thomas, and Mrs. Y. H. Bahasin presented vocal solo, "Above the Hills of Town the Cross is Gleaming."

Mrs. H. D. Shive discussed the history and needs of Hiroshima Girls' School in Japan, and Mrs. T. Edgar Johnson, reviewed work of the school's graduates. The program was closed by worship in offering. Members of the decorations committee were Mesdames Earl Adamson, Y. H. Babasin, and J. M. Napier, and the program committee was composed of Mesdames W. M. Adamson, W. P. Thomas, and L. D. Terrell.

The following program was given: "Parable of the Ten Virgins," Rev. G. T. Reaves; vocal duet, "Standing in the Need of Prayer," Mrs. C. Q. Rogers and C. D. Greene, accompanied by Mrs. A. B. Cole; "Minister Indispensable," Mrs. R. T. Evans, and A. C. Smith.

**Woman's Council Meets For Mission Program**

The regular monthly missionary program and business session of the Woman's Council of the Central Christian Church was held Monday afternoon at the church under the direction of Mrs. R. H. Nichols, president.

The following program was given: "Parable of the Ten Virgins," Rev. G. T. Reaves; vocal duet, "Standing in the Need of Prayer," Mrs. C. Q. Rogers and C. D. Greene, accompanied by Mrs. A. B. Cole; "Minister Indispensable," Mrs. R. T. Evans, and A. C. Smith.

**English Club Is Formed At Vernon High School**

The Sixth Period Sophomore English Club was organized at a meeting of 15 members Monday afternoon at Vernon High School. Miss Katherine Ashford is sponsor of the group.

Officers were elected and installed as follows: Billy Mack Mann, president; James Seale, vice president; Opal Ruth Clark, secretary, treasurer, and reporter. A program committee will be named at the next meeting.

The following topics were given on the initial program: "Maine's Gift to America," Helen LaDuke; "Over-Worked Words and Trite Phrases," Opal Ruth Clark; "Plot Devices That Persist," James Seale; "Daily Themes," Doris Ann Brock; and "Regional Literature in America," Hazel Johnson.

**DELPHIAN CLUB STUDIES "WORLD AS IT COULD BE"**

"The World As It Could Be" will be the topic of a program at the Delphian Club Wednesday afternoon at 3 o'clock at the home of Mrs. W. R. Murrell, 3008 Paradise Street.

Mrs. Harry Colley, program leader, will give "Our Common Cause: Civilization," and other topics on the program will be "Why Wars Must Cease," Mrs. J. D. Bright; and "The Federation in Peace," Mrs. Z. P. Pilgreen.

**RARE BOOK LISTED.**

Austin, Nov. 3. (P)—A volume facsimile reproductions of illustrations for the Book of Job, done by William Blake, early nineteenth century artist, is the newest acquisition of the University of Texas Library's rare book collection. The volume contains four sets of illustrations, including Blake's water color pictures, done for his own pleasure, and sold in 1821. The set, numbering 24 sketches, is in the J. Pierpont Morgan library at New York.

**President Issues Request.**

A request that all members of the

High School Parent-Teacher Association attend the showing of a

film on tuberculosis in the library

of the Vernon High School Thurs-

day afternoon at 3:45 o'clock was

made Tuesday by Mrs. Y. H. Bab-

asin, president of the unit.

## PRESIDENT AT HOME TO VOTE

CONFIDENCE IS EXPRESSED IN FINAL APPEAL TO VOTERS

Hyde Park, N. Y., Nov. 3. (AP)—President Roosevelt went before the electorate Tuesday expressing confidence the people would return the New Deal to Washington and declaring he feared neither the "threats of demagogues" nor the "ambition of dictators."

As he had urged millions of his fellow citizens Monday night to do, he arranged with members of his im-

mediate family to go to the customary voting booth in an old village town hall and cast his ballot.

Tuesday night in a first floor dining room of his mother's stone and stucco house, he will receive the election returns over wires set up in an adjoining study. Half a dozen White House aides will carry bulletins to him as he sits at a large oval table ready to chart the trend and to compare results with his own advance predictions.

In closing his campaign, the chief executive told a Nation-wide radio audience from his study that he cause the mind of the American citizen had been "sharpened" by the exercise of freedom he had "no fear—either of the threats of demagogues or the ambitions of dictators."

"Neither can get far nor long thrive among a people who have learned to think for themselves and who have the courage to act as they think," he asserted.

He added that "we are all equals" at the polling booth and continued:

"No one will fire you because you vote contrary to his wishes or instructions. No one will know how you vote. And don't let anyone intimidate you or coerce you by telling you otherwise."

Milk is found to be a source of vitamin H, a recently isolated food factor needed in growth and health.

### GET UP NIGHTS?

Make This 25c Test. If irritated or weak bladder causes getting up nights, frequent desire, scanty flow, burning or backache, drink lots of boiled or distilled water. You know what hard water does to a teakettle. Also help flush out excess acids, waste and deposits, with little green Buktets, a bladder laxative. Two of the 8 time-tested ingredients are buchu leaves and juniper oil. If you are not pleased in four days, your druggist will refund your 25c. The Vernon Drug Store.

Adv.

### NOT PAST SAVING!

You still have opportunity to avoid loss by fire through insurance. Fire has not reached you yet, but this warning reminder has! Fire comes to somebody every hour of day and night. If it visits you it may come too soon for this reminder to be of benefit. It is not wise to delay. We are ready to serve you now.

Come in and see our new battery values.

## TWO OF QUADRUPLETS BORN TO MISSOURI SHARE CROPPER DIE IN FARM HOME; FATHER FAINTS

Senath, Mo., Nov. 3. (AP)—Two of half to three and one-half pounds, the quadruplets born last night to Mr. and Mrs. James Bridges died Tuesday in their isolated two-room river valley cabin.

Dr. F. W. Speidel, 67-year-old country doctor who delivered the one boy and three girls last night, left for the home of the sharecropper family shortly after he was informed of the deaths.

He said the child born first died about 8 a. m., and the fourth child delivered succumbed a short while later. He said he could not elaborate until he had visited the cabin where a trained nurse from Memphis was on duty. An ambulance in which she came provided the facilities for a battle to save the other two children.

The condition of one was believed critical.

Dr. Speidel considered transfer of the survivors to a Jonesboro, Ark., hospital.

The boy who died, was born first at 6:30 p. m. and the third girl was born at 6:36 p. m. Dr. Speidel said they were nine-month babies, normal except in size and number.

"I guess they're about two and one-half."

South Africa is to take a monthly fish census for the more efficient control of the fishing industry.

### RITES SAID IN DALLAS FOR FORMER SHERIFF

Dallas, Nov. 3. (AP)—Dan Harston, 60, who served three terms as sheriff of Dallas County, was buried Monday. A boyhood friend, the Rev. W. H. Wynn, officiated. Harston died Saturday. He had been in the gravel business since withdrawing from politics.

The boy who died, was born first at 6:30 p. m. and the third girl was born at 6:36 p. m. Dr. Speidel said they were nine-month babies, normal except in size and number.

"I guess they're about two and one-half."

# Odds and Ends of the World's News as Recorded by the Cameraman

## Japanese Soldiers Take Water Hazard in Stride

Bearing out the contention of many that "war is all wet," these Japanese soldiers wade and swim through river waters during maneuvers at Hokkaido, Japan's northernmost island. In this practice advance, supposedly in the face of the "enemy," the soldiers kept dry only their guns and ammunition, which they held above their heads.

## Alf Landon Wins!

It was a Republican landslide when this feathered namesake of the G. O. P. nominee perched so fearlessly atop the Democratic Donkey, swept the boards in the Texas Centennial Exposition bantam show in Dallas and was named the prize bird of them all. His owner is W. L. Caskey, Topeka, a personal friend of Landon.

## Ruler of Madrid

Clothed with the newly created title of "General War Commissioner," Foreign Minister Julio Alvarez Del Vayo (above) stands as virtual ruler of beleaguered Madrid as the Spanish capital prepares for its "last ditch fight" against the approaching insurgents and expressed doubt that he would be long remembered.

## Wells Writes Own Obituary

H. G. Wells, famed English author, just turned 70, will die at 71, his fortune of \$1,000,000 gone—according to his obituary, written by himself and just made public in London. In whimsical vein, the noted writer discounted his accomplishments and expressed doubt that he would be long remembered.

## Waiting—For a Wax 'Mistress'

The dog's traditional devotion to its owner was expressed in the lonely vigil kept by this fox terrier at Knoxville, Tenn., as it waited outside a store window for the wax figure inside—evidently resembling its mistress—to step out of the window and start home. Not even meat, seen on a paper on the sidewalk, could tempt the dog away. But its "mistress" inside did not answer—didn't even look—and the dog, some time during the night, disappeared.

## Hallowe'en Harvest at 'Grandfather' F.D.R.'s

Annual corn harvesting time on President Roosevelt's Hyde Park, N.Y., farm, was more than harvesting to the president's grandchildren—it was Hallowe'en preparation. And here are the three in the thick of it. Left to right are Anna Eleanor Dall, Curtis Roosevelt Dall, and Sarah Delano Roosevelt, daughter of the James Roosevelts. Fall harvesting at Grandfather Roosevelt's farm is invariably a gala occasion for the chief executive's grandchildren.

## Flies to Dinner

But the part this turkey gobble played was the piece d' resistance. He was one of a dozen birds released by Mayor J. T. Newman of Cuero, home of a huge annual Turkey Trot, to excited, milling crowds at the Texas Centennial Exposition in Dallas.

## What! No Chaperons?

Miss Margaret Chapman of Havana, Cuba, who recently enrolled in Texas State College for Women (CIA), was both amused and surprised when Miss Chaney Miller, senior journalism student, pointed out that girls at the college are permitted to have dates without chaperons. "In Cuba," she says, "your mother or brother must chaperon you at night."

## Dolls Up Dolly

Last minute touches for Dolly were taken care of solicitously by tiny Nan Walker a few moments before the doll parade at the Texas Centennial Exposition in Dallas.

## Starts 'Soldier' Career at 4

IN BROWN DEAL

Latest to enter the list of prospective purchasers of the St. Louis Browns' American League baseball club are William O. DeWitt, left, and W. A. Vesper, right. The former is treasurer of the St. Louis Cardinals, of the National League, and the latter is a former automobile agency man.

Patriotism is born early in Syria, as this 4-year-old member of the Iron Shirts militia demonstrates. The lad, hand aloft in salute, is joining in the welcome to the Syrian delegation returning to Damascus from Paris, after signing the Franco-Syrian treaty. The pact releases Syria from the French mandate, giving her virtual independence.

Fulvio Suvich, new Italian ambassador to Washington, is seen here as he left the White House, after presenting his credentials to President Roosevelt. The new envoy has a long record of service in Italian diplomacy.

## 'War Baby' Now a Young Lady

Here is a hint as to what has become of the "war babies," born during the din of the world struggle. Twenty years ago, little Julia Braeckeveldt was born in a cellar in battle-torn Ypres, Belgium. Above is a picture of her today, a pretty young lady designated as honor guest for the Armistice Day celebrations in San Jose, Calif., where Miss Braeckeveldt now lives.

Canada's new minister to the United States, Sir Herbert Marler, is shown here, carrying his hat, as he left the White House after tendering his credentials to President Roosevelt. The new envoy formerly was Canada's minister to Japan.

## Wins Steel Job Held by Tigue

A "business-like" campaign to organize steel workers was promised by B. F. Bennett, above, Granite City, Ill., mill worker, after he was elected to succeed the veteran Michael F. Tigue as president of the Amalgamated Association of Iron, Steel, and Tin Workers. Bennett was a critic of the resigned Tigue's "ultra-conservative" policies.

## Rail Rate Cut Brings Children in Swarms to Centennial Exposition

The vanguard of more than a million Texas school children who are expected to visit the Texas Centennial Exposition in Dallas before its close November 29 are already swarming the grounds. A half cent a mile railroad rate has been granted all children and any adults, teachers or members of their families who may accompany them. The rates are the lowest in many years. The Centennial Exposition offers reduced prices on its attractions and special accommodations for board and lodging have been made for children and their grown-up companions. School holidays have been proclaimed in every Texas school district by Governor James V. Allred and State Superintendent L. A. Woods. The pictures show some of the thousands of youngsters taking the exhibits and shows of the \$25,000,000 Texas World's Fair by storm.

## LIONS DRILL FOR QUANAH

TWO REGULARS BACK AS TEAM LOOKS TO GAME ON ARMISTICE DAY

Charlie Smith, quarterback, and Richard Nixon, end, regulars with the Vernon Lion football squad who were out of the Childress game last week because of injuries, took part in the practice session Monday afternoon. The workout featured defensive work against plays used by the Quanah Indians, who the Lions meet in their next game on Wednesday afternoon, Nov. 11.

All members of the regular squad were out for the workout with the exception of Marvin Chennault, Dan Yocom and Forest Cayce, who were among the District 4 students spending the week-end at the Texas Centennial.

This is the first week that Vernon has been without a game since the opening of the season on Sept. 19. The first five games of the season were played in the City Park Stadium and resulted in victories over Altus and Frederick, Okla., and Denton; tie with Olney and a loss to Electra. The Lions have split even in two games on foreign fields, winning over Graham, and losing to Childress.

## Ten New Major Leaguers Visit Payoff Window

New York, Nov. 3. (P)—Having made good in their first real try in the big time, 10 new major leaguers, headed by Joe Di Maggio of the Yankees, Bob Feller of the Indians and Jimmy Ripple of the Giants, lead this Winter's line at the baseball payoff window.

Well armed with impressive batting and pitching averages, the other newcomers expected to be raised when the 1937 contracts come out are Johnny Mize, who batted .329 for the Cardinals; Les Scarsella, Reds' first baseman, who finished with a mark of .313; Bill Atwood and Walter Miller, catchers for the Phils and Senators, respectively; Harry Gumer and Frank Gabler, Giants' catchers; and Harry Healy, who won .35 and lost 12 for the Athletics.

Di Maggio, with an average of .323 to present to a world championship management, is almost certain to get a substantial boost. Feller, center of baseball's most interesting current controversy, likely will get what he wants without haggling; and Ripple, who batted .306 and practically replaced Hank Lieber in center field for the Giants, will probably get his reward when young Horace Stoenen mails the 1937 contracts.

## PURDUE TOUCHDOWN TWINS FACE TEST WITH FORDHAM

New York, Nov. 3. (P)—Purdue's "touchdown twins," rated by many as the greatest pigskin toters in college football, will get their greatest test Saturday when the Boilermakers run up against Fordham's seven granite pillar line.

When Purdue toppled Fordham from the ranks of the undefeated by a convincing 20 to 0 margin last Fall, Cecil Isbell and John Drake were on the bench.

They have been setting a ground-gaining pace that has left most of the other Middlewestern backs in the ruck this Fall. Isbell, a swivel-hipped junior with a baffling change of pace, has carried the ball from scrimmage 31 times for a total gain of 487 yards, an average of 15 1/2 a crack. Drake has cracked through opposing lines 44 times for 323 yards, an average of 7.45 a thrust.

**Business.**

Franklin, Pa., Nov. 3. (P)—The Utica Anti-Horse Thief Association met for its annual get-together and found there was nothing to get together about. So the members elected Ellis Smith president and went home. They think maybe someone will steal a horse next year.

New England may try establishing a shrimp industry, if investigations show that it would be profitable.

**Police Test at Home.**

Hollywood, Calif., Nov. 3. (P)—Say "fifty-fifty Mississippi." If the words trip off your tongue without a stammer, and without undue hissing sounds, your diction probably is good enough for the movies, Douglas Shearer, sound recorder at M-G-M Studios, said Tuesday.

## VERNON DAILY RECORD

Published every afternoon except Sunday by The Vernon Record, Inc., 1331

Cumberland Street, Vernon, Texas.

R. H. NICHOLS, Editor and Manager

Entered as second class matter, November 2, 1925, at the post office at Vernon, Texas, under the Act of March 3, 1879.

Subscribers desiring a change in address of their paper should be careful to give old as well as new address to insure proper attention.

SUBSCRIPTION RATES—Delivered by Carrier—\$5 per year, \$2.75 for six months, \$1.25 per month.

Delivered by Mail—in Wilbarger, Hardeman, and Foard counties, \$3.50 per year, \$2 per six months, \$1.25 per three months, 50¢ per month. Elsewhere same as carrier rates.

NOTICE TO THE PUBLIC—Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Record, will be duly corrected when called to the attention of the editor.

Members of the Associated Press, The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or otherwise credited in this paper and also the local news published herein.

## Confusion of Terms.

The legislative committee charged with the responsibility of discovering whether Communism is being taught in State schools failed to disclose any very startling information. Such investigations always present some rather difficult problems and they should never be attempted by partisans who have judged the questions in advance. Certainly none, except those who possess peculiar qualifications for such tasks, should conduct investigations of this kind because some rather fine discrimination must be used to distinguish between "teaching" and "advocating" certain doctrines.

Often those who charge that objectionable doctrines are being taught are merely confused as to the difference between teaching as a matter of imparting interesting or useful information and teaching in the sense of advocating acceptance of some theory or doctrine. There is a vast difference, and the danger of attempting to control such matters lies in the confusion in the popular mind on a question that calls for much more than average understanding of abstract logic.

It is next to impossible to regulate such matters by law. Those who interpret and apply the law are rarely qualified to pass on philosophical or technical matters. Truth is a great thing, but nobody who really thinks would attempt to say conclusively what is truth in many respects. There are a multitude of difficulties. Sometimes two people who really believe the same thing fall out because certain words do not convey precisely the same meaning to each. Another difficulty is lack of fixed definition of terms. This is invariably true when some new "ism" is being discussed. Communism is one of them. It means one thing to some people and quite a different thing to others. To some it is revolution. To others it is merely a co-operative arrangement which has nothing to do with revolutions in either economics or politics.

There is occasion for satisfaction in the failure to discover any revolutionary movements at the State University, but we are passing through times when people are quick to suspect the motives of others and this fact argues strongly for a large degree of moderation and forbearance on the part of both legislators and teachers. A responsibility rests on the faculty of the University and other State schools to be careful to make their meanings clear in highly controversial matters. Academic freedom is worth too much to be risked on some triviality that can be twisted to suit the purpose of professional witch burners.

## A Favorable Sign.

Improvement of financial conditions in this section of the State has been demonstrated by a 60 per cent increase in membership of the North Texas Civic Music Association. As a non-profit making organization the Association brings musicians and balalets of note to towns in which private sponsorship would be too great a financial risk.

The programs sponsored by the North Texas chapter of the National Association are held in Wichita Falls, although the membership is widely spread over Wichita and adjoining counties. At least 20 of the members live in Wilbarger County. Annual membership dues insure programs by famous artists at costs less than the purchase price of concert tickets in New York, Philadelphia, and the associations prevent the centralization of culture in the large cities. There are a number of associations in Texas, including Lubbock, Tyler, Longview, Harlingen, Waco, Fort Worth, Dallas, and Houston.

There is occasion for satisfaction in the failure to discover any revolutionary movements at the State University, but we are passing through times when people are quick to suspect the motives of others and this fact argues strongly for a large degree of moderation and forbearance on the part of both legislators and teachers. A responsibility rests on the faculty of the University and other State schools to be careful to make their meanings clear in highly controversial matters. Academic freedom is worth too much to be risked on some triviality that can be twisted to suit the purpose of professional witch burners.

## GREEN CASE AT DALLAS POSTPONED INDEFINITELY

Dallas, Nov. 3. (P)—Federal Judge William H. Atwell postponed indefinitely Monday a hearing on the application of Mrs. Mabel Green for a community share of all property in North Texas of her late husband, Colonel E. H. R. Green.

Plaintiff's attorneys motioned for the postponement. They said a suit involving the same parties and the same estate was on trial in New York and also they desire more time for taking affidavits.

Mrs. Matthew Astar Wilks, sister of the late financier, and sole beneficiary under the only known will left, did not file an answer to the suit here.

Only a small amount of property is involved in the claims here. The entire estate, in litigation in the East, has been estimated to total between \$70,000,000 and \$80,000,000.

## CHARGE AGAINST HOUSTON MAN DROPPED BY COURT

Houston, Nov. 3. (P)—Assistant United States Attorney George O'Brien John said Monday he would recommend dismissal of a Federal fugitive complaint filed last week against Frank Whitaker, Texas Company employee, charged in Georgia with kidnapping his 7-year-old son.

Whitaker, who was released from jail Saturday after executive revocation of an extradition order, agreed to allow his son's return to his mother, Andrew Buchner, Whitaker's attorney, said.

In view of the revocation order and the rescinding of the warrant out of Atlanta for Whitaker's arrest, I see no reason why the fugitive complaint should not be dismissed," John said.

## Post Office Raided.

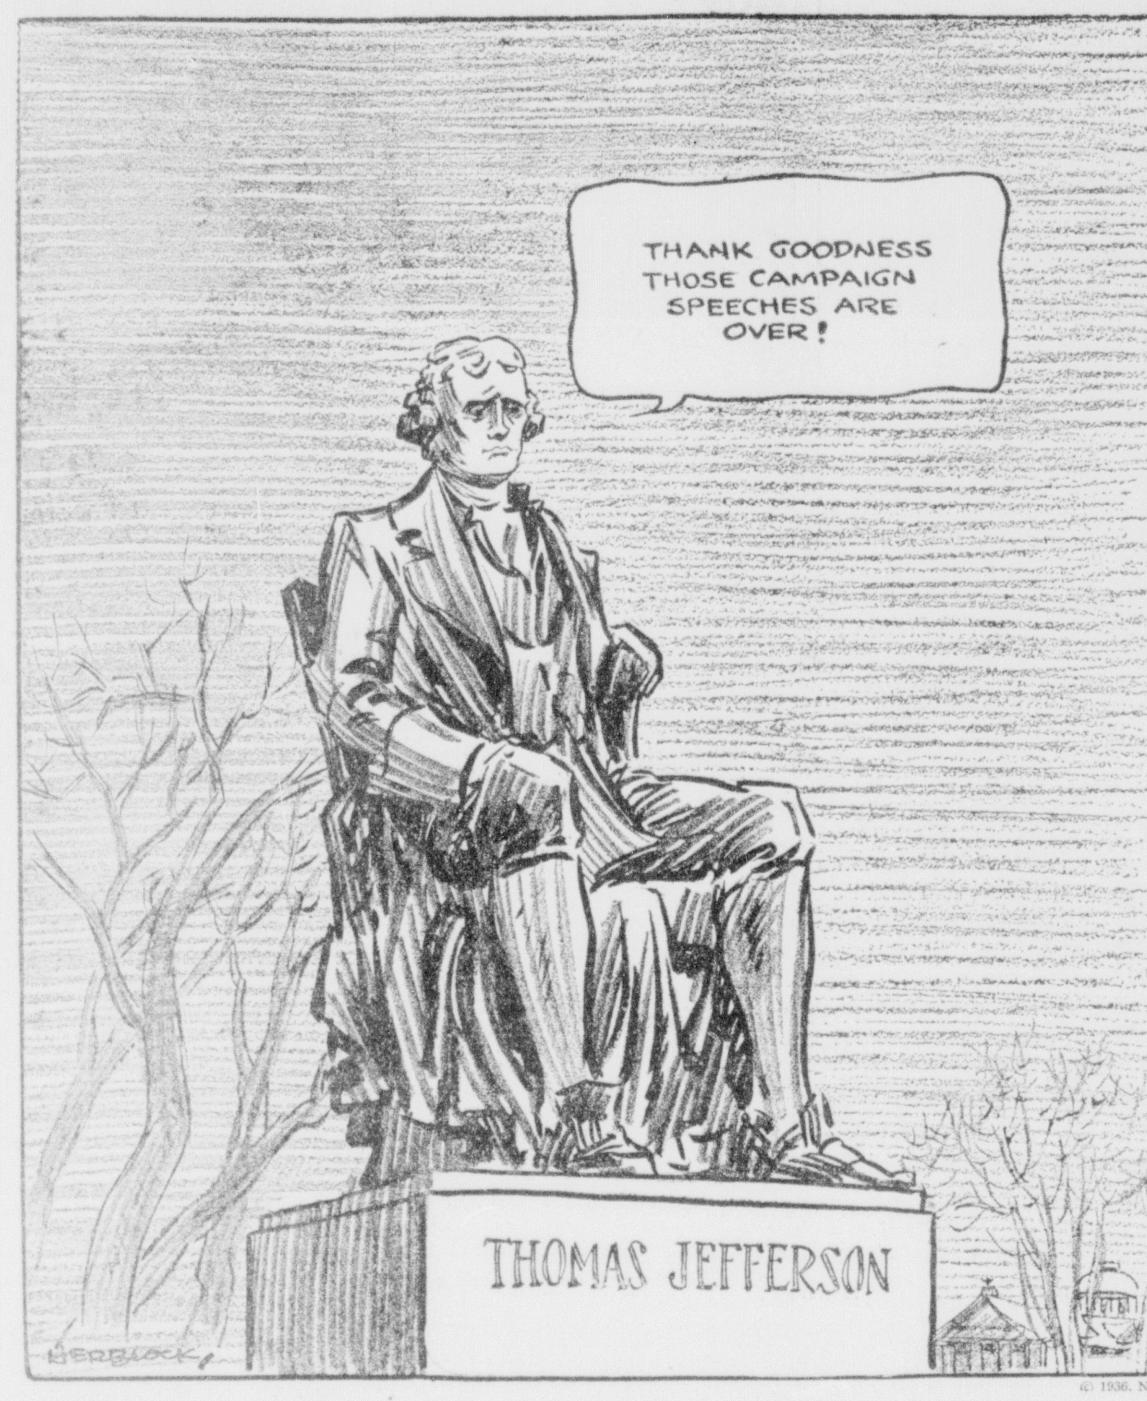

Houston, Nov. 3. (P)—Postal officials revealed Monday the La Porte post office safe was blown Sunday. The amount disclosed by the burglars was not disclosed. Deputy Sheriff Reggie Busch of La Porte investigated but refused to comment on the probable method used in blowing the safe other than to say the explosion was completely muffled.

Mrs. Simpson, formerly of Baltimore, Md., says she'll never come back to the United States. With the election speech over, she may change her mind.

Valiant is the word for carry, if the burden in question is a rug.

## 'As the Immortal Jefferson Would Have Said—'

## CRUDE OUTPUT SLIPS LOWER

## DAILY PRODUCTION DROPS 46,359 BARRELS IN WEEKLY SURVEY

Tulsa, Okla., Nov. 3. (P)—A decrease of 46,359 barrels daily in the national production of crude oil, bringing the total daily production average to 3,041,526 barrels, was reported Tuesday by the Oil and Gas Journal.

Every major producing area showed at least a slight reduction.

Oklahoma had the greatest decrease, 21,675 barrels to 564,750 barrels daily. East Texas reduced its output 1,937 to 44,650 barrels daily and the total State of Texas was down 802 barrels to a total of 1,199,020 daily.

Louisiana decreased 440 barrels daily to 233,235. California declined 16,400 barrels daily to 568,100 and Kansas increased its output 5,150 barrels to 163,425 barrels daily.

In Eastern fields, including Michigan there was a decrease of 472 barrels daily to 144,176.

The Rocky Mountain area decreased 2,330 barrels daily to 61,780.

## COSTLY LETTUCE STRIKE AT SALINAS IS SETTLED

Salinas, Calif., Nov. 3. (P)—The costly strike of 3,200 Salinas and Watsonville lettuce workers, which started exactly two months ago, was ended Tuesday.

Members of the Fruit and Vegetable Workers' Union voted to call off the strike and endeavor to obtain employment in lettuce sheds here and at Watsonville immediately.

Under the terms accepted by the strikers the employers may reserve the right to keep any of their non-union help presently employed; shippers will hire as many union members as possible, and may refuse to re-employ any persons regarded as "troublemakers."

The wage scale in operation for the last two years—75 cents an hour for packers and 55 cents for trimmers—will presumably remain in effect.

## Wool Sale Listed.

Uvalde, Texas, Nov. 3. (P)—L. Schwartz Company has sold 175,000 pounds of Fall wool to Studley Emery at prices ranging from 26 to 29 cents per pound. Schwartz also sold 45,000 pounds of 1935 Fall wool and 25,000 pounds of 12-months wool to an unnamed buyer. The price on these two deals was not announced.

## Be It Enacted.

Oklahoma City, Nov. 3. (P)—G. B. Arrington, manager of the State Capitol Cafeteria, where statehouse employees are accustomed to eating on credit, posted this notice Tuesday: "Due to the fact that the Legislature will be in session soon, we will go on a cash basis Dec. 1."

## For Rent

## LANDON CASTS VOTE EARLY

HOME TOWN WELCOME FOR  
G. O. P. NOMINEE MARKS  
INDEPENDENCE VISIT

Independence, Kan., Nov. 3. (AP)—Governor Alf M. Landon, Republican nominee for the presidency cast his vote in his home precinct here Tuesday morning at 8:40 o'clock.

The Governor, Mrs. Landon, his daughter, Peggy Anne, 19, and his father, John M. Landon, arrived here on the presidential candidates special train from Topeka at 8 a. m.

The Governor and his party stepped from the train to be greeted by Mayor Ralph Mitchell and a group estimated by Fire Chief Ray Pitts at 2,000 persons.

The Independence Unit of the Kansas National Guard gave the nominee a 19-gun salute as he emerged onto the rear platform of his private car.

Friends in the crowd of home town folk shouted greetings of "Hello Alf."

The Governor responded smiling, calling friends he recognized by their first names.

One admirer called out, "Alf, where's your high hat?" apparently referring to a promised gift of a silk hat Mayor Mitchell had said he would give the Governor.

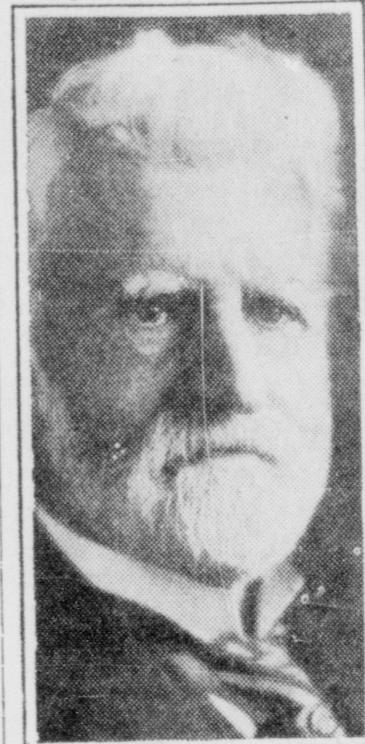

"I don't have a high hat," Landon replied. "And I still wear the same size."

After informally greeting the crowd at the station, the Governor and his party entered a motor car and led a parade of cars to the polling place in downtown Independence.

The Governor entered the motor car salesroom where the ballot boxes were set up. A crowd estimated by Chief Pitts at 500, filled the room to capacity.

After Landon's ballot was dropped into the large tin container, Mrs. Landon voted, followed by John Landon.

Facts You Should Know About

## Your DOCTOR

Twenty-third of a series of articles devoted to the Medical profession and public health. Published through the courtesy of SEWELL'S CORNER DRUG STORE

Tuberculosis is not stamped out by a very great deal, and it may take another century, but Medical Science is bringing that day nearer all the time. Of the very best possible ways you can help is to keep up your vitality—have a yearly examination, and insist on the same thing for every member of your family.

Of course, it is yet a serious thing to allow one's self to become run down and infected with the "T. B." bug. But thanks to scientific and medical research, Tuberculosis is now CURABLE.

True enough, patience and full co-operation with Physician's orders are necessary, but what a blessed knowledge that another scourge of mankind is being conquered.

Do not guess—be healthfully sure

ONE cold day in the fall of 1484, a forlorn stranger and his young son knocked at the gate of the Franciscan convent, dedicated to Santa Maria de Rabida, near the port of Palos, Spain. As the porter fed the hungry couple, the prior of the convent, Pere Juan Perez de Marchena, came out and asked the stranger who he was and where he came from.

The man was Christopher Columbus, and he had just come from Portugal, seeking aid for his proposed trip westward to the Indies. Pere Marchena, knowing a little of the world, invited the couple into the convent. There the two stayed more than a year, when the friar made arrangements for Columbus to see Queen Isabella.

A painting by R. Maso, showing Columbus at Rabida, is the subject for the 30-cent stamp of the U. S. Columbus series, issued in 1893, on the 400th anniversary of the discovery of America.

Another outstanding engineering honor will be paid Ambrose Swasey, above, on Dec. 2 in New York, when the Cleveland manufacturer will receive the Hoover medal, given "by engineers to a fellow engineer for distinguished service." Swasey, who will be 90 on Dec. 19, has been a maker of machine tools and precision instruments for 67 years.
